Deadline for manuscript  
submissions:

**25 November 2022**

### Message from the Guest Editor

Dear Colleagues,

The 10th International Conference on Smart Energy Grid Engineering (SEGE 2022) will be held at Ontario Tech University, Oshawa, Canada, from August 10 to 12, 2022. SEGE provides participants with the opportunity to discuss various engineering challenges presented by smart energy grid design and operation and their applications. Researchers from academia and professionals from the industry, as well as government regulators, will be able to exchange knowledge and the best practices for smart energy grids.

Authors of papers related to energy and presented at the conference are invited to submit extended versions of their work to this Special Issue for publication.

Prof. Dr. Hossam A. Gaber

Aerospace Engineering,  
University of Roma Sapienza, Via  
Eudossiana 18, 00184 Roma, Italy

## Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

## Author Benefits

**Open Access:**— free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and many other databases.

**Journal Rank:** CiteScore - Q1 (*Control and Optimization*)
