

It is our great pleasure to invite you to join our International Conference on Smart Energy Grid Engineering (SEGE), which is sponsored by Toronto Section NPS Chapter and hosted by Ontario Tech University. This event will provide unique opportunity to have fruitful discussions about smart energy grid infrastructures, technologies, engineering design methods, and best practices that address industrial challenges. The event includes large number of speakers and quality papers that cover energy generation, transmission and distribution infrastructures, energy storage, electrification, information and communications, and security. 2024 IEEE the 12th International Conference on Smart Energy Grid Engineering (SEGE 2024) will be held during August 18-20 in 2024. We look forward to welcoming you at Ontario Tech University, Oshawa, Canada.
